📍 Tempe, Arizona, USA

ABOUT ME

Data Science student at Arizona State University specializing in data analytics, business intelligence, and machine learning. Skilled in Python, SQL, Power BI, Tableau, and Excel, with experience building predictive models, developing dashboards, and transforming data into actionable business insights. Strong analytical, leadership, and communication skills with a passion for data-driven decision-making.

EDUCATION

BACHELOR OF SCIENCE, DATA SCIENCE WITH A FOCUS IN BUSINESS ANALYTICS | MINOR IN PROJECT MANAGEMENT
Arizona State University, Tempe | 2027

- GPA: 3.85/4.0.
- Awards: Dean's List Fall 23, Dean's List Spring 24, Dean's List Fall 24, Dean's List Spring 25, Dean's List Fall 25, Dean's List Spring 26, New American University Scholarship.

Noble International School, Doha, Qatar | 2023

DATA SCIENCE WITH PYTHON
Edureka

DATA ENGINEERING ON AWS
AWS

AI AND ML
Edureka

HACKATHON

DATAFEST
Tempe, AZ
Mar 2026 - Mar 2026

Created dashboard based on the real time data provided by a business.

PROJECTS

BUSINESS INTELLIGENCE REPORTS & DASHBOARDS | *Personal Project* | Feb 2026 - Present

- Designed and developed multiple interactive dashboards and analytical reports using Power BI with datasets from Excel and CSV files. Performed data transformation, cleaning, and validation before creating visualizations.
- Built KPI dashboards, trend analyses, and business reports to uncover meaningful insights from diverse datasets. Validated analytical findings through mentor review to ensure data accuracy and reporting reliability.

EVICTON RISK PREDICTION PROJECT | *Data Science Lab* | *ASU, Tempe, Arizona* | Sep 2025 - Present

- Developing predictive models using Python, neural networks, and Random Forest to forecast tenant eviction risk at the census tract level, integrating eviction data, labor statistics, and demographics.
- Applying geographic mapping and visualization techniques to display eviction risk by area, enabling data-driven policy decisions and proactive resource allocation.

SCHOOL ERP ADMIN SYSTEM DEVELOPMENT AND DEPLOYMENT | *Personal Project* | Mar 2025 - Sep 2025

- Collaborated on a school ERP admin system, focusing on SQL Server stored procedures and C# integration for managing student and teacher data.
- Assisted in deploying the application using Docker and Kubernetes, gaining hands-on experience with containerization and orchestration.

INTERNSHIPS

DATA SCIENCE INTERN | *IT Consultancy, Mannai Group* | *Doha, Qatar* | May 2025 - Jul 2025

- Developed an NDA Comparator full-stack application using Python (FastAPI) backend and HTML/CSS/JavaScript frontend with Google's Gemini Generative AI for document analysis and comparison.
- Utilized Python ML libraries for text analysis and recognition and applied data pipelining principles.
- Collaborated on team projects involving predictive analytics and AI-powered document processing solutions.

DATA SCIENCE INTERN, ANALYTICS TEAM | *MP Developers* | *Chennai, TN, India* | May 2024 - Aug 2024

- Performed data analytics on historical project data using Power BI, Tableau, and Excel.
- Created interactive dashboards, visualizations, and reports to support project insights and decision-making.
- Analyzed trends and patterns to inform project planning and resource allocation.

COMMUNITY ENGAGEMENT

VOLUNTEER DATA SCIENCE RESEARCHER | *ASU Library, Data Science and Analytics Unit* | *Arizona* | Aug 2025 - Present

- Collaborated on the *Displaced Voices: Housing Justice Project* to analyze U.S. Census and Maricopa County eviction data, applying data analytics to identify housing insecurity trends and generate actionable insights supporting housing justice initiatives.

VICE PRESIDENT OF INDUSTRY AFFAIRS | *Women in Computer Science, ASU* | *Tempe, Arizona* | May 2026 - Present

- Cultivated partnerships with technology companies, led corporate outreach initiatives, and collaborated with executive board members to organize professional development events, strengthening stakeholder relationships and expanding career opportunities for the WICS community.

PROGRAM AIDE, SRVP | *ASU* | *Tempe* | Jan 2025 - May 2025

- Directed outreach initiatives, managed program operations and documentation, and delivered trauma-informed support to promote sexual and relationship violence prevention services.

TECHNICAL OFFICER | *Women in Computer Science* | *ASU, Tempe, Arizona* | Oct 2025 - Apr 2026

- Contributed to the development of the club's website, mentored students in technical skills, and collaborated with cross-functional teams to deliver workshops that empowered women in technology.
